

MESSAGE FROM THE VICE PRESIDENT FOR STUDENT AFFAIRS

Dear Saint Vincent Students,

Please take some time to review this Student Handbook. It includes important information, such as your rights and responsibilities as a student, which will help you enjoy a successful college experience.

Saint Vincent College offers you the opportunity to make lifelong friendships, learn from challenging and caring professors, and enjoy many new and different experiences. These will all help you move forward to achieve your goals of graduation and a successful, satisfying career. Start now to make decisions that will get you there.

I encourage you to make the most of your college experience by getting involved. Outside-of-the-classroom learning experiences are not only fun, but they help you develop skills in leadership, problem solving, and networking. We have more than 60 student organizations, and you can also enjoy sporting events, get involved in Campus Ministry, and participate in many other programs and events scheduled around campus.

If you find yourself struggling academically or with the adjustment to college life, don't hesitate to talk with your professors or your advisor, seek out tutoring services, or visit our Wellness Center. You can also talk to your fellow students who have been working hard through the Student Government Association, Orientation Team, Programming Board, and in Residence Life to ensure an excellent college experience.

You are always welcome to visit us in the Student Affairs office located on the first floor of Alfred Hall. We all share the commitment to helping you succeed.

All the best,

A handwritten signature in black ink that reads "Mary L. Collins". The signature is written in a cursive style.

Mary L. Collins
Vice President for Student Affairs
