SAINT VINCENT COLLEGE

2026-2027 College Catalog Addendum

Effective Date: 11/1/2026

Addendum to Page: 25

Description:

As soon as a student is placed on the official roster, the student will inform each professor regarding participation in an intercollegiate sport and will provide a schedule of games which may conflict with the class schedule. ***The student will communicate with his or her professors at least one week before class sessions that involve in-class, graded work (e.g. exams, quizzes, presentations, graded group work, etc.) to make provisions to make-up the missed work so that the student is not penalized for the excused absence. When it is not possible to communicate a full week ahead of time (e.g., if a game is rescheduled or for playoff games), the student will communicate with his or her professors as soon as possible.***
