

Saint Vincent College has always provided opportunities for students to succeed in the world and to live a life full of purpose. For prospective students and their parents, the first question that comes to mind when looking at a college is, "How are we going to afford this?" Scholarships and financial aid become very important to students as they begin to narrow their college selections down to their top choices. Any extra financial aid we can provide helps not only to make the decision to attend Saint Vincent that much easier for prospective students, but also to encourage current students to remain at Saint Vincent throughout their college career. The proceeds from this year's Alumni & Friends Golf Outing will provide future and current Bearcats opportunities for success.
